

## ORS Token Sale Instructions

### ATTENTION!

**This document contains all the necessary details relevant for the ORS Token Sale. Please read carefully in order to ensure timely and accurate receipt of ORS Tokens (ORS).**

**Thank you!**

Prior to participating in the Token Sale, we strongly advise all participants to acquaint themselves with all the technical details regarding our project which is outlined in the [whitepaper](#). We would like all those interested in our project to make the most informed decision possible, when buying ORS.

1. All participants in the Token Sale must **first pass the KYC verification** on [ICO Engine](#). Detailed instructions on how to do so can be found [here](#). Please note: this **process may take up to 3-4 days** and we recommend taking steps in advance to ensure that this is done in a timely manner.
2. Once verified by ICO Engine, you are whitelisted, and you will be eligible to participate in the ORS Token Sale. *Please note:* In case we receive ETH from **non-verified wallet addresses, we will refund the ETH and will not provide the requested amount of ORS.**
3. The Main Token Sale will start on May 14, 2018 at 9am CEST and continue until May 26, 2018 at 11pm CEST.
4. ORS will only accept payments in ETH during this period.
5. The cryptocurrency wallet you choose to send us your ETH from will be the same one you can expect to receive the ORS to. This may be a wallet of your choice, but it has to **meet certain criteria.**

Most importantly, this needs to be an [ERC-20 compatible wallet](#). Please **do not** participate in the Token Sale directly from **cryptocurrency exchange addresses** – you are at risk of tokens being lost due to lack of private keys on these exchanges. Buyers should be using one of the following wallets, which are known to be compatible with Ethereum tokens (ERC-20 standard):

- [Eidoo wallet](#) (users of this wallet will be rewarded a 5% bonus on top of their token purchase)
- [MyEtherWallet](#) (no download needed) recommended
- [MetaMask](#) (Firefox and Chrome browser add-on)
- [Mist](#) (Desktop)
- [imToken](#) (iPhone)
- [imToken](#) (Android)

6. You will receive the purchased ORS within 2 weeks of the close of the Token Sale.

7. The price of every ORS is 0.05 Euro.

8. We will announce the ETH/EUR rate applicable for the Main Token Sale 24 hours prior to the launch on May 14.

9. Prior to the start of the Main Token Sale, we are selling ORS to authorized **local communities**, through so-called Reservation Contracts, which allow members of such communities to receive a **10% bonus** on the amount of purchased Tokens. Anyone is **free to apply** for becoming member of an authorized community. Please see links to the community Telegram chats on the main page.

**Thank you for your time and interest in ORS GROUP!**

Disclaimer: The purchaser of ORS undertakes that she/he understands and has significant experience in cryptocurrencies, blockchain technologies and related services, and that she/he fully understands the risks associated with Token Sale, as well as the mechanisms related to the use of cryptocurrencies (incl. storage). ORS SA shall not be responsible for any loss of ORS or situations making it impossible to access the ORS Tokens, which may result from any actions or omissions of the user or any person undertaking to acquire the ORS, as well as in case of hacker attacks.
